See chain.

Went to wheeler in April. Written as an internal memo from him to internal staff.

I have actually not heard anything back one way or the other. It was in Ryan's hands last I heard and he was getting AW to review it but maybe it got sidelined with all the hearing stuff. I'll check with RJ on it.

Hey Chris,  
Any feedback on this? I have an idea for a journal article/press piece that is sort of related but I don't want to get crosshairs if the Administrator did not have a good reaction.  
Thanks.

We have no further edits. I presume it will go to the Administrator next or is he also ok with it?  
Thanks.

Many thanks Chris. This is looking really good to us. ORD had just a few additional suggestions (added to the clean version of what you sent). Please let us know if there are additional questions/edits.  
Nancy

Thanks, Nancy. I think it looks good. Attached are my suggested edits highlighted in track changes (I agree with moving the ask up front).

Best,  
Chris

**Subject:** AAW memo on Animal Alternatives

Chris and Michael,  
On Thursday the Administrator inquired about a draft memo that he could send out to encourage the reduction of animal testing throughout the agency. He expressed an interest in sending it out this week. A first draft, that includes review by ORD is attached. It may be a bit long and perhaps he will want to put the ask up front, but we figured you both would have a better sense of what he is looking for. We modeled this after the PFAS memo.

Please let us know if there are questions or if further information is needed.

Thanks,  
Nancy
